Latex-Free Professional Resistance Bands

General Description

The new Thera-Band® Latex-Free Professional Resistance Bands were formulated to match the pull forces of our existing Latex Professional Resistance Bands! The new formula is scent-free and powder-free for ultimate comfort and satisfaction.

These new bands meet the needs of patients and practitioners with latex allergies and are the best option for facilities and hospitals with a no-latex policy.

The Latex-Free Professional Bands are offered in 25 yard dispenser rolls available in 5 levels of progressive resistance (Yellow, Red, Green, Blue and Black). Complementing the rolls, are 2 Active Recovery Kits (Beginner and Advanced) perfect for progressing patients through a Home Exercise Program (HEP). The Latex-Free Active Recovery Kits are packaged in retail cartons and will also be available for resale in the Active Care Program.

Features & Benefits

- **Identical Pull Forces to Thera-Band® Latex-** The only Latex-Free Professional Resistance Bands that match the market-leading Thera-Band® System of Trusted Progression. Together, these products form one system that meets all patient needs.
- **Scent-Free**
- **Powder-Free**
- **Identical Colors to Thera-Band® Latex-** easy to recognize Thera-Band® Color Progression.
- **Active Recovery Kits (Beginner and Advanced) -** available home kits for HEP's to complement in clinic care, packaged for resale.
- **Active Recovery Kits are Compact and Lightweight -** portable and travel friendly.
